

New Homes for Small Sites

Could additional new homes be built on your estate?

Bernard Shaw / Foster Court Estate

Is there a small space on Bernard Shaw / Foster Court Estate that could be improved by building new homes for local people? What improvements to the wider estate could these homes lead to?

We're looking at opportunities across the whole of Camden to provide desperately needed new homes.

This is about building new homes on infill sites and not about replacing homes.

■ NO CHANGE to existing buildings

— Estate Boundary
— Potential Infill Site

We want to know what you think of the idea of additional new homes on your estate and what improvements you think they could bring to your estate.

You know your community best so please have your say by:
